We at the Community Foundation of Randolph County are proud to stand alongside local nonprofits, grateful for the collective effort that makes an impact on all of us.

One meaningful way to support the nonprofits that strengthen our community is through gifts to our unrestricted funds. These unrestricted funds are the primary source of the grant awards during our Spring and Fall grant cycles.

Thanks to Lilly Endowment Inc.'s GIFT IX initiative, every gift to an unrestricted fund will be matched \$2 for each \$1 donated while matching funds remain available. This means your gift today will have triple the impact.
